Glossary of Terms and Acronyms

Family Caregiver: An adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual of any age with Alzheimer’s disease or a related disorder with neurological and organic brain dysfunction.

FCSP: Family Caregiver Support Program -- same as Title III-E Caregiver Services. The Family Caregiver Support Program (FCSP) provides grants to states and territories to fund various supports that help family and informal caregivers care for older adults in their homes for as long as possible. Includes counseling, training, respite, supplemental services, case management, support groups, information and assistance, and information services. Data on these services are collected for both Caregivers of Older Adults and for Older Relative Caregivers.

Non-registered services: Services where it is not practical to collect client specific information or where requiring the client to register may serve as a barrier to receiving a service.

Older Relative Caregiver: A caregiver who is age 55 or older; and lives with, is the informal provider of in-home and community care to, and is the primary caregiver for, a child or an individual with a disability. In the case of a caregiver for a child, is the grandparent, step grandparent, or other relative (other than the parent) by blood, marriage, or adoption, of the child; is the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the primary caregivers of the child; and has a legal relationship to the child, such as legal custody, adoption, or guardianship, or is raising the child informally. In the case of a caregiver for an individual with a disability, is the parent, grandparent, or other relative by blood, marriage, or adoption, of the individual with a disability.

Registered services: Services where data collection and reporting requirements include unduplicated client counts by characteristic, units of service, including in some cases ADLs/IADLs.

Restricted services: A service provided using OAA funds in whole or in part for which demographic and consumer characteristics are reported in aggregate and consumer, personal identifying information (PII) is not shared or recorded at other than the provider level (e.g., legal assistance).

Service Domain: A category of service that describes the state/territory defined service, which does not fall into the previously defined service categories. Domains for “other services” provided under Title III-B or C may include assistive technology/durable equipment/emergency response, consumable supplies, home modifications/repairs, elder abuse prevention/elder rights, health, outreach, public education, socialization, access not reported elsewhere, and other. Domains for “supplemental services” provided under Title III-E may include assistive technology/durable equipment/emergency response, consumable supplies, home modifications/repairs, legal and/or financial consultation, in-home services (e.g. homemaker/chore/personal care), transportation, nutrition services, and other.

~~**FCSP 1:** Support Services means the provision of caregiver assessment, caregiver counseling, caregiver peer counseling, caregiver support groups, caregiver training, and (if necessary) caregiver case management.~~

~~**FCSP 2:** Respite Care means a brief period of relief or rest from caregiving responsibilities, and is provided to caregivers on an intermittent, occasional, or emergency basis in a manner that responds to the individual needs and preferences of the caregivers and their care receivers, rather than a pre-established set amount offered on a “first come, first served” waiting list basis.~~

~~**FCSP 3:** Supplemental Services means caregiver-centered assistance offered on a limited basis to support and strengthen the caregiving efforts.~~

~~**FCSP 4:** Access Assistance means the provision of caregiving information and assistance, caregiver outreach, caregiver interpretation/translation, and caregiver legal resources; and links caregivers to the opportunities and services that are available.~~

~~**FCSP 5:** Information Services means the provision of public information on caregiving and/or community education on caregiving, including information about available services.~~
